"THE EARLY YEARS ARE THEREFORE NOT SIMPLY JUST ABOUT HOW WE RAISE OUR CHILDREN. THEY ARE IN FACT ABOUT HOW WE RAISE THE NEXT GENERATION OF ADULTS. THEY ARE ABOUT THE SOCIETY WE WILL BECOME."

HRH CATHERINE, THE DUCHESS OF CAMBRIDGE
JUNE 2021

1. Aims

This policy aims to ensure:

- That children access a broad and balanced curriculum that gives them the broad range of knowledge and skills needed for good progress through school and life
- Quality and consistency in teaching and learning so that every child makes good progress and no child gets left behind
- Close partnership working between practitioners and with parents and/or carers
- Every child is included and supported through equality of opportunity and antidiscriminatory practice

2. Legislation

This policy is based on requirements set out in the <u>2021 Statutory framework for the Early Years</u> Foundation Stage (EYFS).

3. Structure of the EYFS

What is the 'Early Years'?

The 'Early Years' refers to children in their first two years at school (Nursery and Reception) for children aged 3 to 5.

Children start their journey in our school nursery the term after they are 3 years old. We allocate up to 3 intakes per year in September, January and April depending on space available after the September intake. Our nursery is a 52 place setting, with morning and afternoon places. We currently offer 30 hour places (dependent on meeting funding criteria) which the school allocates based on capacity and ability to meet this provision and this reviewed termly with each intake depending on the school's ability to meet demand for these places.

Nursery session timings based on access to 15 hours are one of the sessions below.

AM-8:45-11:45

PM-12:15-3:15

We also offer paid additional sessions to extend a child's day:

Lunch club -11:45 - 12:15, 30 minutes at a cost of £2.50 per day.

Wrap around care - £11 per session 11.45-3.15

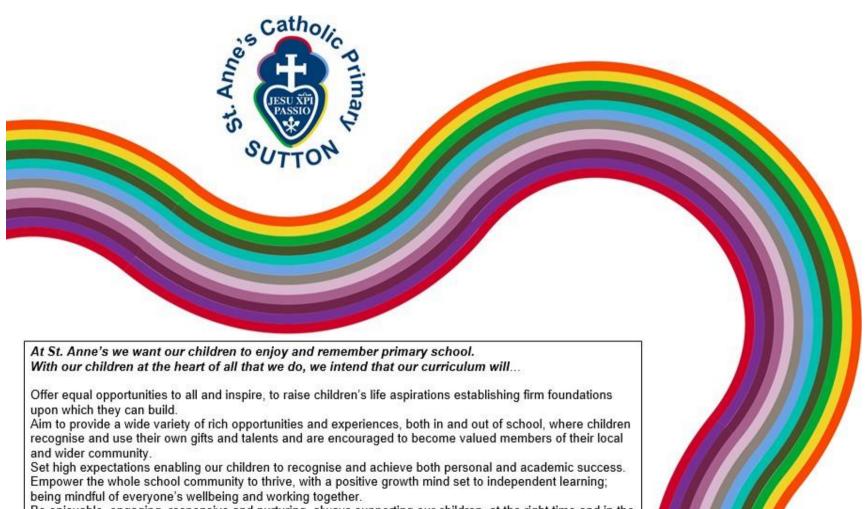

If a child is eligible for a 30 hour place their day is from 8:45-2:45 and we offer the option of an additional 30 minutes at a cost of £2.50 per day to stay until 3:15pm.

Reception class follows the timings of the school day:

8:45am - 3:15pm

Reception Class follows the statutory Infant class size of 30 pupils adult ratio.

St. Anne's Statement of Curriculum Intent

Be enjoyable, engaging, responsive and nurturing, always supporting our children, at the right time and in the right way.

Enable our children, through staff who are themselves, skilled, lifelong learners and who assist in creating a sense of awe and wonder.

At St. Anne's our Mission Statement and SCORE Values underpin our ambitions for learners to be prepared, at every stage of their journey, in readiness for life.

Aims of St Anne's Early Years Provision:

- 1. To provide a structured, secure, caring and well resourced environment, both inside and out which meets all the individual needs of 'young learners'.
- 2. To enable them to become confident, motivated and happy learners, developing the skills and attitudes necessary for their own successful future learning.
- 3. To give each child rich opportunities to interact with other children and adults and to establish good relationships.
- 4. To encourage the development of; self confidence, self esteem and a sense of achievement alongside our school SCORE values (Self-esteem, commitment, organisation, resilience and excellence) The needs of our children come first; they require recognition and the satisfaction of feeling accepted and approved of by all adults.
- **5**. To provide opportunities for learning through direct experiences. These will encourage natural curiosity and allow for exploration and discovery.
- **6**. To combine a broad and balanced curriculum, combining child-initiated learning alongside planned for experiences outlined in our Cultural Capital offer for pupils.
- 7. To provide opportunities to practise and consolidate new ideas and experiences. Children need activities that are challenging and encourage them to think, reason, make choices and solve problems.
- 8. To provide opportunities for children to revisit, review and apply new knowledge and understanding.
- **9**. To develop self-regulation, perseverance and concentration and to establish patterns of learning for the future.
- 10. To nurture and foster an awareness of the needs and feelings of others. To develop a sense of responsibility and a caring attitude towards the environment and other living things.
- 11. To promote equal opportunities for all children irrespective of race, gender, ability or special educational needs.
- 12. To develop skills and understanding in communication, language and literacy, problem solving, reasoning and numeracy, creativity, knowledge of the world and to encourage physical, personal, social and emotional attributes.
- 13. To develop links between home and school in order to work together to promote the child's development.
- **14.** To maintain continuity and progression between the Early Years and school through common policies, practices and attitudes.

Our early years setting follows the curriculum as outlined in the 2021 statutory framework of the EYFS.

The EYFS framework includes 7 areas of learning and development that are equally important and inter-connected. However, 3 areas known as the prime areas are seen as particularly important for igniting curiosity and enthusiasm for learning, and for building children's capacity to learn, form relationships and thrive.

The prime areas are:

- Communication and language
- Physical development
- Personal, social and emotional development

The prime areas are strengthened and applied through 4 specific areas:

- Literacy
- Mathematics
- Understanding the world
- Expressive arts and design

The areas of learning are further broken down into strands or learning.

Communication and language; Listening, Attention & Understanding and Speaking.

Physical development; gross motor skills and fine motor skills

Personal, social and emotional development; Self-Regulation, Managing-self, Building relationships

Literacy: Comprehension, Word Reading and Writing

Mathematics; Number and Numerical patterns

Understanding the world; Past & present, People, Culture & Communities and The Natural World

Expressive Arts & Design; Creating with materials and Being Imaginative and Expressive

The Characteristics of Effective Learning

Playing and Exploring	Active Learning	Creating and thinking Critically
Realise that their actions have an effect on the world, so they want to keep repeating	Participate in routines.	Take part in simple, pretend play.
them.	Begin to predict sequences because they know routines.	Sort materials.
Reach for and accept objects. Make choices & explore different resources and materials.	Show goal-directed behaviour.	Review their progress as they try to achieve a goal. Check how well they are doing.
Plan and think ahead about how they will explore or play with objects.	Use a range of strategies to reach a goal they have set themselves.	Solve real problems.
Guide their own thinking and actions by talking to themselves while playing.	Begin to correct their mistakes themselves.	Use pretend play to think beyond the 'here and now' and to understand another perspective.
Make independent choices.	Keep on trying when things are difficult.	Know more, so feel confident about coming up with their own ideas.
Do things independently that have been previously taught.		Make more links between ideas.
Bring their own fascinations into the setting which helps to develop their learning.		Concentrate on achieving something that's important to them.
Respond to new experiences that you bring to their attention.		

4.1 Planning

Planning for EYFS takes into consideration different strands:

- Information from the family
- Cultural capital opportunities identified by the adult.
- Child initiated ideas
- Deliberate and discrete teaching opportunities
- The learning environment
- 'In the moment' planning

Working in partnership with the family is key to building a good relationship to support the continuation of learning. At the beginning of each half term, parents are given the opportunity to provide feedback on their child; current likes and dislikes, what they enjoy playing with at home, key events/achievements outside of school. This information is included in the planning cycle to reflect the children's own interests.

Staff plan activities and experiences for children that enable them to develop and learn effectively. Staff always draw on the experience and interest of the children and use this as a starting point for their learning, observing and working with children to guide and extend their knowledge and link provision to their own personal ideas.

The learning environment is an essential element of our practice, staff use the indoor and outdoor area to their full advantage to lead and guide a child's learning journey alongside indoor opportunities. We believe the outdoor environment should be used to develop gross motor skills alongside a love of nature and the outside world.

Staff also take into account the individual needs, interests, and stage of development of each child in their care, and use this information to plan a challenging and enjoyable curriculum. Where a child may have a special educational need or disability, staff consider whether specialist support is required, linking with relevant services from other agencies, where appropriate and working closely with the school SENDCO (Special Educational Needs Co-Ordinator).

In planning and guiding children's activities, practitioners reflect on the different ways that children learn linked to the Characteristics of Effective Learning and include these in their practice.

4.2 Teaching

Each area of learning and development is implemented through planned, purposeful play, and through a mix of group times, adult-led and child-initiated activities

Practitioners respond to each child's emerging needs and interests, guiding their development through warm, positive interaction.

Learning through play:

We see play as the vehicle by which our children gain access to the curriculum.

Play underpins the delivery of quality first teaching and assessment in the EYFS. Children must have opportunities to play indoors and outdoors, follow their fascinations and explore at length.

Through carefully planned and structured play we aim to provide children with learning experience in a way that is fun and exciting. Staff plan and resource the environment and intervene appropriately to support and extend the children's learning and develop their language and communication. In some of these activities, children decide how they will use the activity and, in others, an adult takes the lead in helping the children to take part in the activity. Purposeful focused activities are planned to engage and

extend children's learning. These activities could be for a small group, 1 to 1 with specific children or a larger class session.

Through play children can:

- Explore, develop and represent learning experiences which help them make sense of the world;
- Practise and build up ideas, concepts and skills;
- Learn how to control impulses and understand the need for rules;
- Be alone, be alongside others or co-operate as they talk or rehearse feelings and take risks;
- Think creatively and imaginatively;
- Communicate with others as the investigate or solve problems;
- Express fears or re-live anxious experiences in controlled and safe situations.

Outdoor Environment

Children should be allowed to enjoy themselves when outside, with a focus on gross motor development. They should be given opportunities to use their senses and to access all areas of the EYFS Curriculum. Staff and parents are encouraged to value the benefits of outdoor play as it complements and enhances all aspects of a child's development and learning through its physical, open ended nature. Outdoor provision should aim to:

- Enjoy outdoor activity during ALL seasons, weather and times throughout the day.
- Experience natural resources.
- Develop the skills of asking and answering questions about outdoor experiences.
- Behave safely outdoors.
- Develop respect for the environment.
- Encourage multi-sensory exploration.

The role of all staff

All staff are responsible for promoting effective and positive relationships for the children in our EYFS. Attachment provides a sense of security so that children can become confidence, independent and capable young learners. The staff encourage positive relationships between children in their groups and within provision time. We develop a key worker system through teaching groups and all adults contribute to the observation, assessment and planning for all children in the EYFS unit.

5. Assessment

At St Anne's, ongoing assessment is an integral part of the learning and development processes. Staff observe pupils to identify their level of achievement, interests and learning styles. These observations are used to shape future planning. Practitioners also take into account observations shared by parents and/or carers.

When a child starts their journey with us in EYFS, staff observe their play and learning and record their judgements as their starting point. This is recorded as a baseline assessment. For those children moving from FS1 to 2, their baseline assessment is reviewed as they enter FS2.

Within the first six weeks of starting FS2 (Reception), each child will take part in the Reception Baseline Assessment (RBA). The RBA is age appropriate short assessment of early mathematics and literacy, communication and language. The assessment has two components, each consisting of practical tasks using physical resources.

Practitioners review children's progress and provide parents and/or carers with a summary of the child's development during a parents meeting at the end of their first half term. This discussion highlights the areas in which a child is progressing well and the areas in which additional support is needed.

At the end of the EYFS, staff complete the EYFS profile for each child. Pupils are assessed against the early learning goals, indicating whether they are:

- Meeting expected levels of development or,
- Not yet reaching expected levels ('emerging')

Evidence collated during a child's time in school is used to make decisions relating to their progress. These decisions are moderated on a termly basis to ensure all staff agree and judgements are accurate.

The profile reflects ongoing observations and discussions with parents and/or carers. The results of the profile are then shared with parents and/or carers.

6. Working with parents

We recognise that children learn and develop well when there is a strong partnership between practitioners and parents and/or carers.

Parents and/or carers are kept up to date with their child's progress and development. The initial baseline assessment and EYFS profile helps to provide parents and/or carers with a well-rounded picture of their child's knowledge, understanding and abilities.

Each child is involved in teaching groups throughout their time in EYFS, each adult helps to ensure each child's learning and care is tailored to meet their needs. All staff support parents and/or carers in guiding their child's development at home. The staff also helps families to engage with more specialist support, if appropriate.

7. Safeguarding and welfare procedures

Our safeguarding and welfare procedures are outlined in our <u>Safeguarding and Child Protection Policy</u>.

8. Monitoring arrangements

This policy will be reviewed and approved by the Headteacher and Governing Body every 12 months.

Policy Revised November 2023

Appendix 1. List of statutory policies and procedures for the EYFS

This checklist lists the policies and procedures that we must have according the EYFS statutory framework.

Statutory policy or procedure for the EYFS	Where can it be found?	
Safeguarding policy and procedures	See <u>Safeguarding and</u> <u>Child Protection Policy</u>	
Procedure for responding to illness	See Health and Safety Policy	
Administering medicines policy	See <u>Supporting Pupils with</u> <u>Medical Conditions policy</u>	
Emergency evacuation procedure	See Health and Safety policy	
Procedure for checking the identity of visitors	See School Visitors Policy and Procedures.	
Procedures for a parent failing to collect a child and for missing children	See <u>Late Child Collection Policy</u> and <u>Safeguarding and Child</u> <u>Protection Policy</u>	
Procedure for dealing with concerns and complaints	See Complaints Policy	
Procedures for SEND children	See <u>SEND Policy</u> and <u>Local Offer</u>
