Section 3c: Additional Funding

Early Years Pupil Premium

The Early Years Pupil Premium (EYPP) is an additional sum of money paid to childcare providers for children of families in receipt of certain benefits. This funding will be used to enhance the quality of their early years' experience by improving the teaching and learning and facilities and resources, with the aim of impacting positively on your child's progress and development. For more information, please speak to your childcare provider or visit www.gov.uk/get-extra-early-years-funding.

If you believe that your child may qualify for the EYPP please tick to confirm that you are

Disability Access Fund (DAF)

Three and four year old children who are in receipt of child Disability Living Allowance and are receiving the funded entitlement are eligible for the Disability Access Fund (DAF). DAF is paid to the child's early years setting per eligible child. The purpose of DAF is to support providers to make reasonable adjustments and build the capacity of their setting to support children with disabilities.

If your child is attending more than one setting, please nominate the main setting where the local authority should pay the DAF:

Section 4: Setting and attendance details

You must list below all the settings your child will attend for which you will claim any early education entitlement (whether 15 or 30 hours) and you will be required to complete this declaration form with each setting your child attends.

Your child can attend a maximum of two sites in a single day and if your child attends more than one setting we will distribute the funding appropriately between the settings.

Setting to which this declaration form relates:

Start Date at Setting:

(Funding will commence from this date)

My child will be attending the following settings:

Setting Name(s)	Please enter total funded entitlement hours attended per day					Total number of hours per week	Total number of weeks per year (e.g., 38,51,52)
	Mon	Tue	Wed	Thur	Fri		
(A)							
(B)							
(C)							
Total daily funded hours attended:							

Important:

- Your child can attend a maximum of two sites in a single day. Funding can be split across a maximum of 3 providers. If your child attends more than one setting, we will split the funding between the providers. A maximum of 10 hours' funding can be provided per day.
- You may be able to access the entitlement as a 'stretched offer.' This means that you can spread the hours across the calendar year rather than term-time-only, but you cannot claim more than the maximum amount for the year (570 hours universal offer) and (1140 hours extended offer). Speak to your provider if you wish to arrange this.
- If you choose to take up extra hours more than your funded entitlement you will be required to pay the provider for these hours. Settings may also charge for any meals that your child has throughout the day along with any consumables such as nappies, sun creams etc. You should be informed of any additional charges prior to signing this agreement.
- In each term there is a "Headcount" date. It is important that you speak with your childcare provider and/or the Local Authority if you are considering moving providers to ensure that your funding can be transferred. If your child moves settings prior to Headcount the funding for the term will be split between the providers based on the date of the move. After the Headcount date you will not be able to change your child's hours or change provider **until the start of the following term** unless you meet the criteria for Exceptional Circumstances. Exceptional circumstances include:
 - Safeguarding concerns based on recommendations from a St Helens Council social care or health professional.
 - A change of address where the distance to the provider from a new home is more than 2 miles further than the distance from the old home.
 - Multiple and significant changes placing a family in challenging circumstances at the discretion of the Local Authority
 - Where current arrangements prevent a parent accepting a job offer or a required change in shift patterns
 - Where a child's additional needs are not able to be met at the current setting
 - Where a child who has not accessed a provision before applies after the Headcount date
- If your child is involved with the Local Authority or any other agencies (e.g., Social Workers, Family Intervention Workers, and Speech Therapists etc.) you **must** inform the provider to ensure that your child is fully supported throughout their funded early education place.
