Spanish

Miss Bill

Thoughts about my subject:

Did you know that Spanish is the second most spoken language in the world? Over 400 million people across the world speak Spanish and it is an official language in 21 countries. In 2017, the British Council named Spanish the second most important language for everyone to learn. Learning a language is also fun! I love learning new words and phrases. All languages learners have the right to have a go, the right to make mistakes and the right to listen to a native speaker. This can allow you to make new friends who speak a different language to you!

When I look in your books and visit your lessons I would love to see:

This term I have absolutely loved the enthusiasm I have seen and heard around the school in Spanish. It has been lovely to be greeted with a ¡Buenos días! in the morning and hearing children from Year 1 to Year 6 using Spanish phrases and learning to say a few things about themselves. It has been fantastic to see some of the writing in Key Stage 2 and see the enthusiasm for learning a new language.

Great work I have seen happening around school:

Learn to Love & Love to
Learn in readiness for life
